Tuesday - March 23, 2010
7 p.m.

DRINKING WATER
SOURCE PROTECTION
ACT FOR CLEAN WATER

Lakehead Region
Conservation Authority
Conserve Today... For A Better Tomorrow

LAKEHEAD Source Protection AREA

"The Lakehead Source Protection Authority invites you to attend this special event that commemorates the 10th anniversary of the Walkerton tragedy.

Come and learn more about how we can work together to ensure that we have safe, clean drinking water in our communities now and for the future."

ADMISSION

Limited Seating Available at: **(300 seats)**

Donations to Lakehead Region Conservation Authority's *Private Landowners Tree Seedling Program* for 2010.

R.S.V.P. - Lakehead Region Conservation Authority - 344-5857

TREE SEEDLING PROGRAM

Due to the success of the pilot project in 2009, the Lakehead Region Conservation Authority will once again carry out the *Private Landowners Tree Seedling Assistance Program* in 2010.

The overwhelming response resulted in more than 18,600 trees purchased and planted in the Region. Through the program, the Authority subsidized the price of spruce and pine seedlings by 25 per cent with trees supplied by local grower Hill's Greenhouse of Murillo.

Property owners were encouraged to plant trees along stream banks and shorelines to create buffer strips which help to stabilize the soil and provide protection for fish habitat. The planting of trees in urban and rural areas will help the fight against climate change.

FOR MORE INFORMATION:

Visit www.sourceprotection.net or call the Lakehead Region Conservation Authority at (807) 344-5857.

Office Hours - Monday to Friday 8:30 a.m. - 4:30 p.m. (Closed from 12 noon to 1 p.m.)

Government

Mr. Bruce Davidson

The Concerned Walkerton Citizens

Bruce Davidson is co-founder and spokesman for The Concerned Walkerton Citizens (CWC) a grassroots lobby group that was formed in direct response to the Walkerton Water Tragedy.

The CWC successfully fought for and gained full status in the Walkerton Water Inquiry. Since 2000, he has been involved in outreach, education and policy development regarding the protection of drinking water sources across Canada. He has engaged audiences across the country, making presentations on water safety and the need to protect drinking water from the source to the tap.

Currently, Bruce holds positions on a number of boards and committees including The Saugeen Grey Sauble North Bruce Peninsula Source Protection Committee, the Brockton Environmental Advisory Committee, the Walkerton-Hanover Landfill Committee, The Board of Directors of the Canadian Environmental Law Association (CELA), and he is an enthusiastic member of the Water Guardians Network.

The Presentation

Walkerton - The Cost of Getting It Wrong

Bruce Davidson will tell a story sure to impact the way you look at what needs to be done to protect the sources of our local drinking water. His presentation will provide an understanding of the consequences we may face if we fail to protect our drinking water from source to tap.

Could it happen here? Never, right? That's what the residents of Walkerton thought as well.

Come take in an emotional, fact filled and sometimes humorous presentation from a man who lived through the Walkerton tragedy and still deals with it today.
